おうちの方へ：10のへやは、上が5つ・下が5つです。5のかたまりが見えると、あといくつで10かがわかります。

給家長：10格分成上5格、下5格。看得出5的一堆，就看得出「再幾個就10」。

For grown-ups: The ten-frame is five on top and five below. Seeing the group of five makes "how many more to ten" visible.
